ABOUT US

PASWAL INDUSTRIES

(SMC-Private) Limited is a professionally registered company with the Securities and Exchange Commission of Pakistan (SECP) and the Federal Board of Revenue (FBR). Our journey began in 2022 under the name TRIPLE A E-STORE (SMC-Private) Limited, where we specialized in providing high-quality services and products to local markets. Building upon that foundation, in 2025 we established Paswal Industries to expand into the international export business with a focus on premium leather products and surgical instruments. Although we are a new entrant in the global export market, our vision is clear — we do not aim for one-time business; we aim to build lasting partnerships based on quality, trust, and unbeatable value. We are fully committed to delivering products that meet international standards. At Paswal Industries, we believe trust must be earned. That's why we are offering free product samples, with shipping costs fully covered by us. This is our way of showing confidence in our quality and giving you the opportunity to experience our products before making a business commitment. We know building an international presence takes time, dedication, and consistent effort — and we are ready for this journey. With your support, we are confident that Paswal Industries will grow into a trusted global supplier of leather and surgical products.
